

Call for PhD student/post-Doc researcher in coastal geomorphology/geoarchaeology

Who?

We are looking for a PhD student/post-Doc researcher with interest in the long term evolution of the coastal areas and in the study of past societies/environment interactions

Where?

- Based at the University of Haifa
- Frequent research stay at Université de Montpellier Paul-Valéry
- Field site in Italy and Greece

Key competences sought?

- Knowledge in coastal geomorphology
- Experience in laboratory work (sedimentology, micropalaeontology and/or geochemistry)
- Abilities to work in autonomy as well as working in a team
- Good knowledge of English

When?

- Application deadline: April 4th 2025
- Start of the fellowship: October/November 2025

Information/Application?

Send a CV and a cover letter by April 4th 2025 to:
Prof. Emmanuel Nantet
