

**IAS 38th International Meeting of Sedimentology 2025**  
**SO4. Volcanoclastic sedimentology**

Dear friends and colleagues,

We are pleased to invite you to participate in the upcoming session titled "SO4. Volcanoclastic sedimentology" at the 38th IAS meeting, which will be held on June 26-28, 2025, at Huelva, Spain (<https://iasmeetinghuelva25.com>).

This session will delve into the critical role that sedimentology plays in ancient and modern volcanic settings.

The discussion will range from basin-scale research to detailed provenance, diagenesis, petrology, mineralogy and geochemistry of volcanoclastic deposits.

The submission deadline for abstracts is **November 25, this year**. Your participation would be greatly appreciated.

Please feel free to reach us out if you have any questions or need further details. We look forward to your attendance at what promises to be an exciting session.

Best regards,
